Renier Josue Vargas Mejias
Systems engineer

I am a Systems Engineer with over 7 years of experience in web development, with strong expertise in Laravel PHP-MySQL projects. Throughout my career, I have had the opportunity to grow, refine, and adapt my knowledge for problem-solving, collaborative work, and continuous learning of new technologies. Currently, I am seeking new opportunities where I can further my professional growth, enhance my technical skills, and engage in challenging projects alongside experienced professionals.
